### **F**ood Preferences

As previously specified, all meals will be tapas. Regional food has been prioritized and most of the catering and dinner will be plant-based and vegetarian.

### **G**ran Canaria

The Congress takes place in the Canary Islands, in the island of Gran Canaria, in the capital city of Las Palmas de Gran Canaria, with airport code **LPA**.

### **H**ydration

Even though the water in the island is technically safe to drink, it is sourced from desalting plants and can be hard on the unused stomachs, so we recommend that you consume bottled water during your stay. Please, bring water bottles to refill to the Museum, as the water in the installations is filtered.

### **I**slas Canarias

The Canary Islands are a fascinating territory, discover more in [Hello Canary Islands](#).

### **J**oin EUSEA

If you have not done it yet, [Join EUSEA!](#) and be part of a **Living Network of Excellence** in European Science Communication.

### **K**linkert (Annette)

This will be Annette's farewell from the EUSEA Board of Directors, do not forget to wish her the best!
